
PARCOURS VTT 1 | 4.4 km «AROUND THE CHATEAU»

This is an easy trail around the Château, with a few relatively steep-but-short climbs, plus several short cuts leading back to the departure point. Technically speaking, it features no major difficulties and the downhill sections are pretty smooth. The end of the trail crosses two wooden bridges.

PARCOURS VTT 2 | 7.4 km «LE PONT ROMAIN»

This highly-varied trail winds through the forest in the shade of evergreen oaks and maritime pines, crossing footpaths, lanes, wooden bridges and a stone bridge. Points of interest: Ancient buried stone oven, giant maritime pines, wooden bridges, little stone bridge, Roman bridge, botanical footpath.

PARCOURS VTT 3 | 6.6 km «LES OUSSIAYES»

This trail goes through part of the vineyard and up to the highest point of the estate, where you can enjoy exceptional panoramic views over the sea and surrounding hills.

PARCOURS VTT 4 | 9.5 km «LES GOMBERTS»

This varied trail alternates lanes, footpaths, tracks and technical uphill and downhill sections. The first stretch is the same as for Trail n° 3 and is the most physically demanding as it comes just after the start. The next, easy, section through the vines lets you get your breath back before a short-but-tricky downhill run. The stretch between Le Berger and Gombert is fast, and the rest of the course offers all the features of a good mountain bike trail, with stony downhills and short, strenuous uphill.

MOUNTAIN BIKE ITINERARIES

Our vast estate is criss-crossed with stony, winding tracks, perfect for mountain biking. Château de Berne offers 4 well-maintained and signposted itineraries of varying lengths and difficulty, so that every mountain biking fan can have fun in all safety while enjoying the estate's beautiful scenery, flora and fauna.

Mountain bike guide available at the Wine Cellar.
