

DAY 3

RELAX AND NATURE

Wellness moment

Softness and relaxation are on the agenda to start the day. After your breakfast, head to the Château's spa for a treatment from one of our two partner brands, Cinq Mondes and Vinesime, and then relax in complete serenity in our heated indoor pool overlooking the vineyards and olive grove.

SILLANS-LA-CASCADE

This small village in the Var has one of the most beautiful waterfalls in France and the highest waterfall in the Var. Enjoy a walk to finish with a well-deserved swim in the river.

Lunch at Villecroze

Let yourself be drawn into the labyrinth of narrow streets of the old village of Villecroze, classified as a "Village de Caractère du Var", and enjoy the magnificent park planted with Mediterranean species, in the hollow of the tufa cliff.

Château Saint-Roux

Discover our second estate, the Château Saint-Roux, a historic farm whose origins date back to the 15th century. After a walk to meet the animals, sit down comfortably at the Table de Saint-Roux, a restaurant offering responsible cuisine from the vegetable garden to the plate.
