## THE CINQ MONDES PHILOSOPHY

---

Cinq Mondes philosophy is based on the conviction that the skin is our vital sensory organ. Combining technical expertise, result and absolute relaxation, Cinq Mondes treatment protocols use an exclusive manual technique of needle-free acupuncture: Dermapuncture. Dermatologically tested, silicon-free, no artificial colorings, no raw ingredients of animal origin and no mineal oils.

The sources of Cinq Mondes cosmetics are rooted in the World's Pharmacopeias and time-honored traditions adapted to our contemporary ones through state-of the art cosmetic science that excludes petrochemicals.
